I was not happy with other Google Home Mini mounts for the Ikea Skadis System

So I looked up some other mounts for the Google Home Mini and found the design from Filip Honzárek ([Google Nest Home Mini Wall Mount](#))

I removed the holes for the screws and added instead two mounting points for the Ikea Skadis System

Print Settings:

Material: PETG

Infill: 20%

Walls : 3

Brim: Yes (can maybe printed without)

Support: Only under the two mounting points

I added my G-Code for a Prusa Mini/Mini+

This remix is based on
