I created these card holders/ displays for Dune Imperium. There purpose is so each player can easily see the imperium row. (A row of 5 cards to purchase each Reveal turn).

I styled these with the Dune wording.

These could also be used for any card game that requires upright card display.

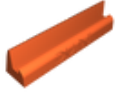

The version with the Magnet takes a 5 x 3 mm cylinder magnet. You can easily find them on Amazon etc. The magnets are pressure fit so no need to glue. I use a tweezers to hold the magnet over the hole, then use a small rod to push them in. Just make sure to get the poles right !
