Tags: [case](#) [low](#) [profile](#) [agon](#) [agonlight](#)

A low profile case for the Agon Light. Requires four 3 x 20mm nuts and bolts for the corners and optional - four self adhesive rubber feet (~10mm diameter) Use 2 - 2.5mm diameter screws to secure the pcb to the case.

I printed my case with transparent PLA for the top and gray for the bottom.
