These are 1.5"spacers for the Wilderness Systems Kayak cart just in case you want to install balloon tires on your cart because they are rubbing your yak. These things list for \$70 to &80 online and I wasn't paying it. You will need (4) 5/16"x 5" SS bolts and wing nuts to replace the old ones. These are prototypes and work well but I do

HIGHLY recommend Printing these in ABS because of the Instability of PLA.

Print Settings

Printer Brand:

Creality

Printer:

Ender 3

Rafts:

No
