An old model that I made back when I first started learning to sculpt in blender. Figured I would share her with you guys. She is intended for resin printing.

If you like what you see, please check out my [Linktree](#) for links to my other models or **Visit my [Patreon](#) or [Tribes](#) for a commercial license to sell the 3D prints of my models, 3+ monthly model releases, and other perks!**

Happy Printing!

Model is for **personal** use only! You are allowed to change the model for your own personal use, however, you may **not** redistribute or sell the **files** in any way! And as always, feel free to post photos of your makes, I would love to see them!
