Summary

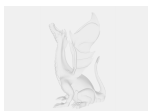

Orange muzzle cap/barrel retainer for the SR200.

[Toys & Games](#) > [Other Toys & Games](#)

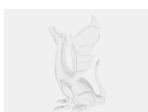

This part holds the barrel of the SR200 in place with a twist lock mechanism. Be aware that the tolerance is quite loose to compensate for the bridging layer on the orange muzzle plate of the SR200.

This model is being provided for modification by the community to allow for different muzzle devices and barrel lengths to be used.
