Summary

Love the design of the Balcony Strawberry Tower but the size of the Upgraded plant Tower, so I meshed it

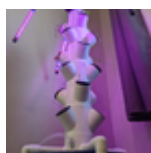

[Household](#) > [Outdoor & Garden](#)

Tags: [gardening](#) [hydroponics](#)

This mode allows the plant baskets designed by [DaveDude](#) with the tower designed by [Conr8r](#). Simply print a mount and glue or heat weld it to the tower and then print the Basket for the plant to go in.

*The basket is scaled down to fit the tower
