Happy Thanksgiving/Merry Christmas my friends! Just a fun little turkey kit for you all. Prints quick so get a production line going and hand them out to your friends and family! Not really much else to say about this one... **it's cute I promise!**

Included is the standard fit, same as other kits, but also a tighter (**labelled 'Ti_'**) variant as I know some of you might find the standard fit too loose! You can make it **EVEN TIGHTER** by increasing the Z-scale by 15%. For those uninterested in the card format, there are frameless variants included, alongside the individual part files!

Print at **0.2mm layer height**, there really is no benefit from printing at a higher resolution and it could affect the fit.

The model parts are 1.8mm high, which is not divisible by 0.16 for example!

Be sure to print with **100% infill** for it to hang straight as the weight distribution can be sensitive!

Makes greatly appreciated, always glad to see them! Happy Printing!
