Lensfort did a great job of designing **THESE** wall mounts, I just wanted to make a cleaner looking version by hiding the screw mount holes. The logo/cover is a push-in for easy removal, in case you want to move/remove the mounts in the future. So, there's no need to glue it in place. But you can if you like. I also made the logo notched in case your screw heads aren't flush.

## Print Settings

### Printer Brand:

Crealitiy

### Printer:

Ender 3 Pro

**Rafts:**

Doesn't Matter

**Supports:**

Yes

**Infill:**

25

**Filament:**

Matterhacker/CC3D PLA

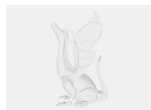

grey/silk blue

Category: Video Games
