These are designed by the University of California, San Francisco medical school:

<https://www.library.ucsf.edu/news/ucsf-3d-printed-face-shield-project/>

They use standard 3 hole punch clear binder covers.
The strap is formed using three rubber bands.

For stacked versions and alternate sized versions (including a version that includes a top cover/visor) visit this page:

<https://www.library.ucsf.edu/news/ucsf-3d-printed-face-shield-repository/>

Print instructions

20% gyroid infill, 3 shells, PETG

Model files

modela-13.stl

model-av13.step
