Summary

H 39mm L 114mm D 60mm A small drawer insert I made for my spices, it's simple enough for a phone stand or a similar use

No support needed, I printed at .3 or .4 layer height (I can't remember) in vase mode,

I printed it on the small side, but there is no reason you cant print it on the bottom

this is a very simple model, not a lot to mess up
