### Summary

A simple knob for the thermostat in my parents' basement.

Tags: [knob](#) [simple](#) [thermostat](#)

I made this knob for the thermostat in my parents' basement after theirs had broken. What are the chances that this knob fits something that you have? Probably unlikely - but there's only one way to find out!

The knob is 1.375" wide, and fits onto a specifically cut pin. I've included a drawing for the pin mating area dimensions.

I'd recommend printing it face-down.
