Summary

Lead screw supports

[3D Printers](#) > [3D Printers - Upgrades](#)

Lead screw supports, using two 608 bearings.

I got my bearing on Amazon:

https://www.amazon.com/dp/B002BBICBK?psc=1&ref=ppx_yo2ov_dt_b_product_details

My first design for 3D printing using Fusion 360.

Just simple, I like simple

Just didn't like the lead screw sitting out there in the breeze, and I have a duel Z kit coming tomorrow.
