updated 22. 11. 2022 | published 22. 11. 2022

### Summary

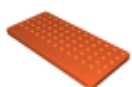

This is a direct and simple way to store your spare V6 nozzles.

[3D Printers](#) > [Accessories](#)

Tags: [storage](#) [nozzleholder](#)

This one piece print conveniently stores your nozzles when not in use. Each space is tapped for the nozzles to thread in. The nozzles do not thread in all the way allowing the nozzle to be applied and extracted while safely and firmly holding them.
