*****UPDATED June 6th 2024

-Added 15 bottle holder

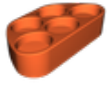

-Added 6 balm/butter tray

This is a stand I created to hold five 1oz/30ml bottles of beard oil with the diameter of approximatly 33mm. The back row sits up 10mm higher than the front. I used Hatchbox wood PLA, sanded with 100 and 150 gritt, and then used Minwax Red Oak stain on the pictures posted.

This could also be used to hold essential oils or tinctures of the same size.

PS: Check out Luxurious Bastard, you won't be disappointed!
