updated 23. 11. 2022 | published 23. 11. 2022

Summary

Quick little remix of this tool holder. I changed the snipper holder to a hex so I could hang my printed Hex scraper.

Tags: [toolholder](#) [ender3](#) [ender3pro](#)

I changed the end of this so I could hang my printed hex bed scraper. I'll have to remove the scraper if I have a tall print on the bed.
