Summary

Inspired by Muguel's cable reel (<https://www.printables.com/it/model/122266-cable-reel>)

It's designed to work with a 1mm thick, 6mm wide, and 3m long flat ethernet cable.

Please let me know if you need anything!

My make in the pics is my first version, without the bottom lock and arrows, and with worse cable guide holes on the body.

Did some Prusaslicer magic to print it with a honeycomb pattern :P
