Summary

Autumn tree

[Art & Design](#) > [Wall-mounted](#)

Tags: [tree](#) [autumn](#) [leaf](#) [leaves](#)

A pencil drawing I found and converted to a 3D picture.

If you like it or even make one please post it, like, share, and consider a [Paypal donation](#). Thank you!

I paused it at layer 5 (don't have an AMS) to change colour on the tree and leaves. But I only had a little black and ran out, so I had to change to orange.

The end result was better than I expected. :)

Printer: Bambu Lab X1C

Nozzle: 0.4

Layer height: 0.2

Support: No

Material: PLA (whatever you like/have)

Model files
