### Summary

Body and Rear Caps for X-Mount cameras

[Gadgets](#) > [Photo & Video](#)

Tags: [camera](#) [fujifilm](#) [bodycap](#)

These models are remixed from a lot of other models.

Here are their original files:

[Oreo cookie](#) - Detailed Oreo STL by [jdexterb](#)

[Fujifilm Body Cap](#) - Fujifilm body cap by [loki\\_90](#)

[Fujifilm Rear Cap](#) - X Mount rear lens cap Fujifilm XF by [elih](#)

Filling is made in Fusion360 by myself

I mixed them together using Meshmixer and Fusion360.

The files are printed using 0.1mm layer height with 3 walls and 15% infill. Took me about 5 hrs to print the two.
