---

Recently had a bathroom fitting break in the wall because it was under too much tension. Needed an adaptor to relieve that strain and could not find any.

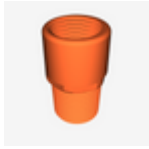

So I imported both male and female garden hose fittings and cut and stitched to give me this.

### Print instructions

PETG on MK2S at 225/220 0.4 nozzle 0.2 layer height no support 20% gyroid fill.

Printed with the open female end on the bed
