Summary

Created as a dust cap for ~15mm OD ~14mm ID pipe, may be of use

Tags: [cap](#) [pipe](#) [plumbing](#)

In the course of doing some DIY I needed to leave some open pipe underground, but I didn't want any contaminating dust or creatures in the pipe when I reconnect it. So I made a small dust cap.

Attached STL works OK for 15mm copper pipe, otherwise all dimensions can be easily edited in OpenSCAD. No supports or post processing necessary.
