Summary

Compact Flash card holder for Libretto 50CT / 70CT. Intended for use with standard CF/IDE adapter.

[Gadgets](#) > [Computers](#)

Compact Flash card holder for Libretto 50CT / 70CT. Intended for use with standard CF/IDE adapter. No screws needed, just seat CF/IDE adapter (+ CF card) and gently push holder inside.

Some wiggle may be required :) Do not apply too much force, it's not needed, if it looks like it does, it means the pins are not properly aligned.

There is also a small compartment than can hold two additional CF cards :)
