Summary

This is a spring loaded PCB holder

[Hobby & Makers](#) > [Electronics](#)

Tags: [holder](#) [pcb](#)

Original based at work from "hve2019" (<https://www.thingiverse.com/thing:5354110>).

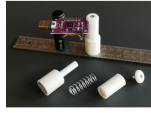

I added for people w/o SCAD skills:

Main body: with inner hole 2.85 mm, original has 3mm, but in my test prints, the mounting with a M3 screw wasn't tight enough

Cap: Higher cap for hex socket head screws

+ the original as single files

This remix is based on

Magnetic PCB holder
