updated 24. 11. 2022 | published 24. 11. 2022

Summary

Instead of any regular soda can holder, have this turkey hold it for you so you can gobble it all down.

15.00 hrs

This is the first project that I have designed, I used tinkcad to make it, as they have many premade models I took a few of them re-sized, tinkered and meshed them together to have made this turkey soda can holder. So since this is the first thing I have designed please let me know how I did and what I need to fix to make it better or what to improve on.
