### Summary

For those with sensitive skin these finger grips will isolate the heat from the bet plate

---

[3D Printers](#) > [Accessories](#)

---

For those with sensitive skin these finger grips will isolate the heat from the bet plate.

This is specifically for the Sovol S06. But can be adjusted for other PEI plates by increasing the width and height.

#### Print Settings

Printer:

Sovol SV-06

Rafts:

Yes

Supports:

No

Resolution:

Fine

Infill:

20%
