This is a remix of the handy LED lamp clip by CdRsKuLL which you can find here: <https://www.prusaprinters.org/prints/1418> Lacking a link, I ordered the wrong LED lamp from eBay and it was too wide to fit the clips. So I modified the STL in meshmixer to widen them to fit a 31mm lamp. Here's a link to the eBay item that goes with this remix: <https://www.ebay.com/itm/253234933553>
