Summary

Replacement side mirrors for the Orlandoo Hunter Jeep model.

[Hobby & Makers](#) > [RC & Robotics](#)

Original side mirror broke after 1.5 seconds of crawling. After fixing it for the 62nd time, I decided to make a better version myself.

Both left and right version included.

It accommodates the chrome mirror thingy of the original mirror.

For printing I guess you best use SLA or a very good FDM printer since it's so tiny.
