updated 27. 11. 2022 | published 27. 11. 2022

Summary

2 Screws for Battery Holder

[Seasonal designs](#) > [Winter & Christmas & New Year's](#)

Just added 2 holes and "ears" for the battery holder so it can be mounted with 2 screws instead of glue.

The PrusaSlicer File contains all parts with fuzzy skin, supports and modifiers where fuzzy skin is disabled. Maybe that helps some of you :)

This remix is based on

Christmas Bauble
