update: I was finally able to print it and realized I had an error in the dimensions for the lids. I reuploaded the files with the corrections.

Unfortunately my power is out right now so I can't print this at the moment but I thought I would go ahead and post it so that you all can get started on it.

This Advent Calendar is perfect to tailor the experience to your loved one.

This Advent Calendar is designed to fit an i3 printer build plate but can be scaled to fit other size printers.
