Summary

Remix of E3DBuggy with golf tool including a pencil sharpener, a pitchfix, and a ball marker

[Sports & Outdoor](#) > [Outdoor Sports](#)

Great for Golfers. For the pencil sharpener I used the blade and screw from a cheap sharpener. To install the sharpener into the buggy push it as far in as you can, it may be tight, then flip it over and push down on the top to push it the rest of the way in. The ball marker holder is tapered to hold the ball marker secure.
