These simple leaf earrings are meant to be printed with one of each size and attached to a thin chain. I also recommend printing with tulle!

I've done these with green + green tulle, black + green tulle, and fall colors with corresponding tulle.

In order to add the tulle, add a pause halfway through the print. When the print pauses, tape down a piece of tulle and start the print up again. I like to do 4 pieces of tulle (put down at once) to get the color to really come through, but 1 piece is alright as well.

Leaf can also be found in the tulle masquerade mask: <https://www.printables.com/model/306580-leaf-masquerade-mask>
