updated 27. 11. 2022 | published 27. 11. 2022

Summary

A buckle that allows you to pull two straps in either direction.

Tags: buckle

I used this with a couple strips of inner-tube to attach a power-bar to a desk leg.

Depending on how strong you need it you'll want to have the infill be higher.

See the tech drawing for dimension information.
