Hi, my friend, I made this cool Filament-PM logo to train my design skills in Fusion360. I also made this model to thank my friends from Filament-PM for the excellent cooperation we had, and still have today.

This Filament-PM logo desk stand can be printed in single, or multi-color. I made a tiny mistake during the multi-color part of the design and it came out dual-color. So if you need the foot, printed in black like in the pictures,

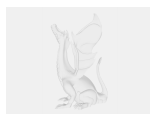

you can use my gcode for the Prusa i3 MK3S+ and MMU2S+ or use the paint feature in PrusaSlicer.

I hope you like it. I'm happy to hear your thoughts.

Happy printing!

Bart
