Tags: [money](#) [stand](#) [euro](#) [bank](#) [notes](#)

The "Geldständer" (in English "money stand") is a stand for four different Euro bank notes (5, 10, 20 and 50 Euro). The inner measures of all four slots are perfectly fitted to the measures of the bank notes, so the bank notes will end at the top of the stand and can be easily grabbed by the circular cutouts. The four slots have a depth of 10 mm.

I designed a 3D model in Shapr3D, spliced it with PrusaSlicer and let it print with my Prusa i3 Mk3. Supports are not necessary.
