## Summary

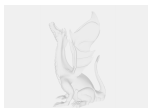

Simple remote control holder, for multiple remotes (has 5 good sized slots).

[Household](#) > [Other House Equipment](#)

I needed a replacement holder for my old one that was falling apart - this is basically a re-design of that (original was a china made pleather/cardboard thing).

I printed in black petg as it was what I had at hand. Minimal supports (bed only) for the front/rear rounded edges.
