Hello,

This is a very low profile holder for a Hygrometer Thermometer. The OD on Amazon = 44mm but this mount = 41.5mm ID. This give it a tight grip to the circular gauge.

I have two mounting holes included if you wanted to mount this on any other surface.

Link to model used:

Thlevel Hygrometer Thermometer Digital LCD Monitor Humidity Meter Gauge for Humidifiers Dehumidifiers Greenhouse Basement Babyroom 6-Pack <https://amzn.eu/d/5WMUhGJ>

Printing:

I printed this with 3 walls and 15% infill. Lay flat on the bed, no supports needed.

Printed in PLA Galaxy Black

Print time: 27 minutes at 0.2mm Layer Height and it only used 1.23m of filament.

Any amendments please let me know.

Thanks
