updated 28. 11. 2022 | published 28. 11. 2022

### Summary

Print this off and simply loop a string through it for your own personal Tennessee T ornament.

[Art & Design](#) > [2D Plates & Logos](#)

Tags: [logo](#) [christmas](#) [t](#) [ornament](#) [football](#) [tennessee](#) [volunteer](#)

For optimal printing: Print the T on its back with the most surface area on the build plate.

For cleanest printing: Print the T upright with supports.

If hanging with string print the file with the loop at 90 degrees to ensure it hangs straight on. (File: "Ornament - Tennessee T 90 Loop")
