Now your headphones won't take up space on your desk.

There's a couple of similar designs out there, but I haven't found any that would be nicely curved on the top and front, so I designed my own.

There's a bit of angle so it clamps tighter on the desk. Print it full of perimeters and it will be strong enough.

It's designed for 10 mm, 15 mm, 17 mm, 20 mm, 25 mm, 30 mm 35 mm, and 40 mm thick desk. Let me know in the comments if you need another dimension and I will add it for you. :)
