

Corner Bumper (no supports)

CNC Kitchen

[VIEW IN BROWSER](#)

updated 31. 12. 2022 | published 31. 12. 2022

Summary

Corner bumper to protect your head and the head of your child.

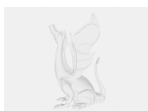

[Household](#) > [Living Room](#)

Corner bumper prints without any supports. Use a hard TPU if possible but even some regular PLA is better than nothing. If you have adhesion problems use a brim.

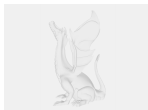

Use some double-sided tape to attach.
