## Summary

Curved pan flute to mimic a natural bamboo version

[Hobby & Makers](#) > [Music](#)

Tags: [flute](#) [whistle](#) [pan](#) [bamboo](#) [panflute](#)

### Update - 2 Sep 23

Uploaded version 2 after [@skpacman\\_361373](#) pointed out a floating region that causes the top band to be disconnected from the main body.

### Update - 22 Feb 22

Re-uploaded the file the way it should be printed. Simply apply a generous amount of brim and print.

This is a curved pan flute to mimic traditional ones. Reorient with the mouthpiece on the print bed and brim around it.
