Not really suitable to wear on your head, meant to be printed smaller as decoration on e.g. a shelf.

- Aren't you a little short for a stormtrooper?

- Huh? Oh, yes, I have no body, I'm just a helmet.

My next print needs no introduction.

That said, here's a Star Wars stormtrooper helmet! It's not meant to be worn on your head, but I suppose I can't stop you if you really want to try it out.

It's not 100% accurate as I know the movie versions are using stickers for certain details, but I decided to sculpt those right in so you can have them without having to paint them in.

It comes in two parts. The helmet, and the base/stand (which, if you look close enough, is the symbol for the Galactic Empire).

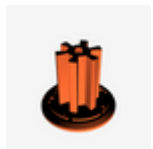

This is fan art, provided for free, and I fully acknowledge the Stormtrooper helmet likeness is the property of Lucasfilm Ltd.
