Summary

This is my design of the Replicator Drone from the Stargate SG1.

Toys & Games > Action Figures & Statues

Tags: drone star stargate gate replicator

This is my design of the Replicator Drone from the Stargate SG1. it is posable - all four legs are fully movable, and it has posable wings. The model is designed with one single goal in mind - absolutely no glue. And in this, I succeded as there is indded not a single drop of glue and everything holds together thanks the pegs and holes approach.

More you can see in this playlist - https://www.youtube.com/watch?v=3uB5JzbUFss&list=PLyHwaiEHdyZqMAoEIlkW1rznZuvNCx0eQ, starting with the video https://www.youtube.com/watch?v=RNHJIh2Oyqk&list=PLyHwaiEHdyZqMAoEIlkW1rznZuvNCx0eQ&index=7

Print instructions

Because the assembly itself is realatively difficult. I recommend to take a look at my videos.
Appart from that, I prepared a pdf - REPLICATOR DRONE MK2.pdf that should help you assemble it together. Hopefully it will ;)

Unfortunately i cannot upload pdf files here so if you are intereted, go to my thingiverse site and download it from there ;)
