it is more detailed, has an engine and interior, divided into many small parts for a fun build.
in addition, you can buy a lot of tuning parts, wheels, a wide body, spoilers, motors, etc.

I hope you enjoy printing this unique model and sharing the result with me. If you find errors or inaccuracies in the model, please let me know and I will correct them and send you the corrected model as soon as possible. I am printing on ender3 printer.
