Complete Barrel Pack can be found on my [Gumroad store](#) or in my [Printables Club](#). It includes a higher detailed version of my original barrel, now with corded rope, and some multi-barrel models.

Less than 10 percent of people who download an item click the “like” button. Be the 10 percent. Click the “like” button and show your support. It means a lot, and us designers really appreciate it.

This is an overlay tile replacement for the board game Frosthaven and Gloomhaven Jaws of the Lion. This could also be used as general scatter terrain for any tabletop game.

The three barrel version is available here. Also pictured are a variety of different barrel styles that are part of a barrel pack at the gumroad link above. All models are landable by players and monsters.
