Coin/Key for European shopping cart. Form factor between 50 cent and 1 euro coin, compatible with most carts. Easy to put on a keychain and you can pull it out when the cart is unlocked with most systems.

Just a simple and effective design.

The ones in the picture have been printed super fast with a 0.8mm nozzle.

Update 10-04-2024

Check out the Next Generation of shopping cart coins as well in the new version!
