## Summary

A simple case with aeration for Oral-B brush heads

[Household](#) > [Bathroom](#)

Tags: [case](#) [toothbrush](#) [oralb](#)

Just a simple case for 2 Oral-B toothbrush heads, with aeration holes.

The tolerance is so that it is not hard to open, but also doesn't open on itself while in the travel bag.

I printed mine with PLA+ at 0.20 and turned out as per the pictures.
