Rocket Lab announced their new Neutron rocket system today. To celebrate, I whipped up a 1:250 scale, 161 mm (6.3 in) tall, low fidelity model based on the vehicle renders and specifications released in today's announcement.

See the announcement on YouTube:

Learn more about Neutron: <https://www.rocketlabusa.com/launch/neutron/>

Note: I am just a fan of Rocket Lab and have no affiliation to the company.
