### Summary

A remix with blank sides so you can add your own text and logos.

[Seasonal designs](#) > [Summer](#)

Tags: [beer](#) [coaster](#) [beach](#) [sand](#) [soda](#)

This is a remix of Steven Erickson's nifty Beachside Drink Holder. I wanted blank sides so I could personalize each coaster for all my family members.

To add text and pictures, I used Fusion 360's emboss command with a small amount of chamfering.

You could of course do something similar with the Text Tool in PrusaSlicer.

### This remix is based on

Beachside  
Drink  
Holder

**Beachside Drink Holder**
