### Summary

2U Holder for VESA mount computers (or possibly small screens) fits to 10" racks

[Household](#) > [Office](#)

Tags: [bracket](#) [rack](#) [vesa](#) [vesa100](#)

Simple, but rigid holder for VESA 100 devices which you would like to fit into your 10" rack.

No supports needed, fit to i3 plate. Suggested to print with PETG with 50% plus infill. Mine hold fair enough even made in PLA.  
Best to use 4x10 Allen screws.

Planning to introduce Mk2 version with cable mgmt mountpoints and nameplate.
