Summary

Cigar Tube for one cigar.

[Gadgets](#) > [Other Gadgets](#)

Tags: [pipe](#) [cigar](#) [tobacco](#)

This is a cigar tube to hold one cigar for travel. I printed it on a small raft with a custom support between them because I printed the two pieces standing up and wanted as little wiggle as possible as the Z-height rose. I am not sure that I like this filament, though, as it shows many of the small layer lines. Your mileage may vary.....

Print Settings
